## DAVID MALLETT - SHAMPOO No.2: LE VOLUME

The finest for fine hair

Thick, dense hair signals strength, attractiveness and lust for life – qualities that fine and very fine hair can now reclaim for themselves. After all, David Mallett is launching **SHAMPOO No. 2: LE VOLUME**, thus joining Spray No.2 to become the second product in the range. Its formula is extremely light and doesn't weigh the hair down, leaving it voluminous, strong and supple for subsequent styling. The secret of thick, strong and voluminous hair? Japanese Nori! It contains a high concentration of amino acids, iron, iodine and trace elements and is a rich source of vitamins A, B12 and K.

The medicinal effect of Nori has been recognised for some 2,500 years. Its complex of the same name sets to work at the very core of the hair to provide strength, lasting volume and a healthy shine. Regeneration from the inside out: the hair is given a light, bouncy texture, making it easier to style. For an even longer lasting effect, combine the shampoo with Spray No. 2: LE VOLUME.

As with all products, the newly launched David Mallett Pure label guarantees its production in accordance with ethical guidelines. As a result, **SHAMPOO No. 2: LE VOLUME** is free from sulfates and allergens and contains no animal ingredients. Gently massage into wet hair, rinse and repeat if necessary. With its subtle fragrance of green tea, **SHAMPOO No. 2: LE VOLUME** has proven to be yet another highly effective professional product by David Mallett after a long testing phase in the salon.

250 ml - 35 €
